

Montessori Math Or Refreshing Spring Breezes

March 10th, 2018 Ann Arbor
Michigan Montessori Society

- I. Triangular Multiplication Facts for 2nd, 3rd, 4th years (10m)

- II. A. Golden Bead Squaring (old friends revisited) (10m)
 - B. Golden Bead Square Root (10m)
(Why squaring has a two digit period)
 - C. Pegboard Squaring (10m)
 - D. Peg board Square Root (15m)
(Do you remember the thousand cube is not a two dimensional surface?)

- III. A. Cubing with the Cubing Material, nonconsecutive (15m)
(A better plan for starting the cubing work)
 - B. Binomial Cube with the Cubing Material (15m)
(Another view)
 - C. Cube root with the Cubing Material (20m)
 - D. Parlor Trick
(Yes you can join MENSA or simply amaze your friends)

- IV. Binomial Cube Algebraic (20m)

- V. The Three Kings ABC to HTU (if time) (20m)
The decimal kingdom has a crown for the ONE or UNIT
The Algebraic Kingdom has crowns all the way around!!
